

# SEE PEDJURY CAPIAS; CARHAN BOND SUPPLIED

Saloonkeeper Wanted When Nov. 20 Is Found by Deputy at His Home.

Bert Carhan, known as Bert Du Prez, was arrested yesterday afternoon on a warrant charging him with perjury before the Rock Island county grand jury.

The capias was served on Carhan by Deputy Sheriff F. O. Youngren while Carhan was eating his noonday meal at his residence, 2104 Third avenue. Carhan conducts a restaurant at that address and a saloon at 2107 Third avenue. He was permitted to finish his meal. Yesterday afternoon Carhan entered into a recognizance in the sum of \$2,000, the bond being furnished by his wife.

Carhan had evaded service of the capias since Nov. 23, when the indictment was voted. The indictment followed his testimony before the grand jury on vice matters, which the grand jury held to be false in view of the fact that only a few days before Carhan had been found guilty by a jury in county court of keeping liquor for sale. He paid a fine of \$500 on this charge.

Carhan disappeared from Rock Island the day the indictment was returned. He is reported to have returned to Rock Island a few days ago.

Carhan came into prominence following a raid of his saloon by city police when he protested that the alcohol found behind his bar was of the medicated variety. He claimed that it contained turpentine and was used by him as a rheumatism cure. A chemical analysis disproved Carhan's claims, and he was found guilty.

The grand jury questioned Carhan about the sale of liquor in his place. According to the indictment he denied selling or keeping liquor for sale.

# COAL PRICES TO REMAIN STABLE

Dealers Say That New Year Will Not Bring Lower Rates; Buying Is Meager.

There will be no change in the price of higher grades of coal the first of the year, although some of the minor grades have advanced slightly in price, dealers announced today. The dealers expect that the demand for coal will increase with the coming of the new year, but the price will not advance if their expectations are fulfilled, they say.

"I think that the weather will be cold enough after the first of the year," one of the dealers said. "To create more of a demand for coal. At the present time the buying public is purchasing coal from hand to mouth—one and two tons at a time.

"Coal men blame the railroads for the scarcity of coal," he continued. While in turn the railroad men blame the coal mine operators. The fact remains that the higher grades of coal are scarce and will be much scarcer when the demand increases."

Franklin county coal is selling at \$11 a ton, with a 50 cent discount if cash is paid within 10 days. Springfield coal has gone from \$9.75 to \$10 and \$10.25 a ton, while Fulton county coal has jumped 25 cents the past week. It now sells at \$8.50 and \$8.75 a ton.

Springfield 3 1/2 inch egg coal is now \$8, with a discount of 50 cents if cash is paid within 10 days. Southern Illinois coal is \$10.50 per ton. National and Livingston coals are both \$9 a ton, with a 50 cent discount for cash in 10 days.

# New Years Resolutions

NEW YEAR RESOLVES offer a valid proof that their makers are deterred neither by shame nor by cowardice from the pursuit of an ideal, that neither peacock vanity for his superficial endowment nor the spineless yielding of a will, untrained to resistance, enter into the architecture of his future.

I—In these anxious days, when the Nation is concerned with the Americanization of the un-amalgamated, it were the part of wisdom in the teachers and patrons of civic enlightenment to lay well to heart the sentiment of Ruskin, that true patriotism consists in this: that EACH ONE KEEP HIS OWN PORCH AND DOOR-YARD CLEAN.

II—Five minutes daily, divided between a fearless scrutiny of our own motives, and prayers for strength to ennoble them, five minutes daily of intensive meditation of the wisdom available in the world's great books, may easily raise purposeful Nineteen Hundred Twenty-three, worlds above its shiftless forbears.

A good thought a day, keeps the devil away.

These ennobling thoughts offered by Rev. P. H. Durkin, pastor of St. Josephs church, Rock Island, are gladly published for your consideration by Your Street Car System.

# YEAR'S REALTY TRANSFERS GO TO \$1,500,000

Rock Island Board Members Estimate Business in Residence, Business and Farm Lands.

Sales of residence, business and farm property in Rock Island and near vicinity during 1922 by members of the Rock Island Real Estate board, totaled \$1,114,200, according to partial reports to James A. Moran, president of the organization.

Mr. Moran states, however, that he had not been able to get a report fully covering all sales made by realtors, and that he believes the total is actually about \$1,500,000.

# NORRIS TO WED GATES HEIRESS

Chicago Newspaper Artist and Delora Angell to Be Made One Next Autumn.

Pasadena, Calif., Dec. 30.—The marriage of Miss Delora Angell, heiress to the estate of her late uncle John W. Gates, estimated at \$20,000,000, to Lester Norris, Chicago newspaper artist, son of a furniture dealer at St. Charles, Ill., a suburb of Chicago, probably will take place some time next fall, according to her father, R. F. Angell.

The heiress, her father and mother, Mr. and Mrs. W. W. Angell, all of St. Charles, have come to southern California for the winter and are at the Angell residence in Altadena, a suburb.

"All this talk about a broken engagement is nonsense," said Mr. Angell. "Delora and Lester are going right ahead with their plans to marry, and they have the full approval of us both. In fact we are mighty pleased about it. Lester used to be in a class taught by Mrs. Angell."

"Just because no definite date has been set for the wedding, some people have supposed it was off. But the date is still to be decided upon. It will probably be some time next fall. It is because the young people want to have their own home built before taking up housekeeping. They intend to live in St. Charles, where they have always lived. They haven't any intention of leaving California. At least, they have not told us about any such plans."

Norris has been described as "the childhood sweetheart" of Miss Angell.

# SUMMER WHITE HOUSE

Baltimore, Md., Dec. 30.—The sum of \$200,000 for the erection of a summer white house, for the use of the president of the United States was left to the government by the late J. Wilson Leakin, lawyer, whose will was probated.

There are 41,600,000 men, women and children who work for salaries or wages in this country.

# Federal Agents All Set To Make New Year's Eve As Dry As Sahara Desert

BY MARJORIE TAYLOR.

(Special dispatch to The Argus.) (Copyright, 1922, by The Argus.)

Washington, Dec. 30.—"For the goblins will get you if you don't watch out."

They are getting ready today. These "goblins" of Major R. A. Haynes, to whom has been entrusted the task of compelling obedience to the 18th amendment and the Volstead enforcement act, from the Atlantic to the Pacific and from the Great Lakes to the Gulf, the word has gone forth.

This is to be a dry New Year's. Its entry into the world is to be far different than a year that has gone before. Trusted agents of the enforcement bureau in every city in the country have been warned to be on the alert for any and every special occasion which seems to make necessary the extensive use of "hooch" for the purpose of celebration, prices have been pushed up to as much as the traffic would bear. But right now that is not so. Scotch whisky of half a dozen well known brands is on sale here in Washington for less than \$100 a case; rye and bourbon at a dollar a bottle less than the imported article, and there is a great abundance of Canadian ale which is said to have arrived disguised as Christmas trees.

After Big Game.

But the prohibition enforcement officials are not downcast. They say they will get a lot of this liquor before it is drunk up, and they will see to it that an example is made of those who buy it. It is an open secret here that Major Haynes has been very hopeful that he will be able to get into his net some of the so-called "leading citizens" who in the past have been the best customers of the bootleggers.

At the recent row-wow between President Harding and certain governors the suggestion was made that if a number of well known personages were prosecuted under the Volstead law, it would have a far more beneficial effect in enforcing the law than the arrest of a thousand professional bootleggers. So long as the consumer was allowed to go free, the market would remain, it was said.

It was because of this assertion that the plans for a more stringent enforcement during the New Year holiday season were laid. If they could have been kept a profound secret, it is very likely that some men and women of national prominence would have figured in the police court news. But the secret is now out, and if anyone is arrested in this connection, they will have only themselves to blame for it.
